Summary

Experience:
- Over 3 years as a Product Acceptance Engineer at Developer eXperience
Hub, ensuring top-tier software quality.
- Collaborated seamlessly with cross-functional teams to enhance user
satisfaction using Agile Methodologies and Scrum.

Skills:
- Proficient in Software Quality Assurance and Product Acceptance Testing.
- Technical expertise in Automation, API Testing, Performance Testing, Security
Testing using Linux & Unix, Reverse Engineering, Malware Analysis, and
Cybersecurity.
- Certified Ethical Hacker & Digital Forensic Expert.
- Adept at cross-functional collaboration and problem-solving, showcasing
strong leadership and communication skills.

Career Highlights:
- Implemented rigorous testing methods, significantly improving product
quality.
- Successfully resolved complex issues, enhancing user satisfaction.
- Certified in Software Testing, Automation, API Testing, demonstrating
commitment to industry best practices.
- Attained Certified Ethical Hacker & Digital Forensic Expert status, showcasing
dedication to cybersecurity excellence through leadership and effective
communication.

Experience

Product Acceptance Engineer (II)

Developer eXperience Hub

Aug 2023 - Present (7 months)

As a Product Acceptance Engineer (II) at DEVxHUB, I ensured top-tier product quality by efficiently executing automated and functional testing. I coordinated Agile and database testing using SQL and Jira, and led the SQA team in overseeing product acceptance. My proficiency in Java, Selenium, Python, JavaScript, and HTML contributed to all phases of the SDLC.

I played a key role in on-target launches through meticulous regression testing, enhancing software performance, and ensuring product stability. My efforts significantly impacted software integrity and security, resulting in a high-quality end product.

Jr Product Acceptance Engineer
Developer eXperience Hub
Aug 2022 - Aug 2023 (1 year 1 month)
As a Jr Product Acceptance Engineer at DEVxHUB, I ensured product quality and reliability through meticulous Manual Testing, validating functionality, and analyzing performance. Collaborating with cross-functional teams, I contributed to enhancing product excellence by promptly identifying and resolving issues, prioritizing exceptional user experiences.

Software QA Engineer (Internship)
Developer eXperience Hub
Mar 2022 - Jul 2022 (5 months)

As a Software QA Engineer Intern, I ensured software quality through rigorous testing and collaborated closely with the development team to identify bugs, defects, Test Planning, Test Case writing and usability issues. My impactful contributions included passionate testing and analysis, consistent bug reporting, and applying industry-standard methodologies to enhance overall software quality.

Software Testing
GAOTek Inc.
Dec 2021 - Feb 2022 (3 months)

As a Software Testing Professional, I ensured software quality and reliability through comprehensive testing processes, defect management, and meticulous defect reporting. My impact included a significant enhancement of software quality, implementing robust processes to maintain high standards of functionality and usability.

Software Testing (Mobile Apps and Payment Gateway systems)
Orion Informatics Ltd
May 2021 - Jul 2021 (3 months)

As a Mobile App and Payment Gateway Testing Professional, I ensure secure and reliable functionality for financial transactions. With expertise in testing mobile payment solutions, I focus on accuracy, reliability, and data integrity. I verify compatibility across devices and platforms, conducting rigorous testing for industry-standard compliance.

Education

Bangladesh University
BSc in CSE, Computer Programming, Specific Applications
Sep 2017 - Aug 2021

Licenses & Certifications

Selenium Automation Testing for Beginners - EC-Council Learning

Certified Ethical Hacker (CEH) - Team Matrix - Elite Hackers
CEHE0381R

Jr Penetration Tester - TryHackMe
THM-GHVAU6DJFP

Codeless Test Automation with Selenium IDE - Applitools
CERT ID: 64a3e4b4

Automated Visual Testing with Appium - Applitools
b9c97d80

Mobile Testing with Appium - LinkedIn

JMeter: Performance and Load Testing - LinkedIn

ISTQB Foundation Exam Prep - LinkedIn

LambdaTest Test Automation Professional Certificate - LambdaTest

Advanced Appium - LinkedIn
4763b1dfc0b56f65fbac5cb379235ceb958c49f202f7dcea25ab40b10f2fb02b

Skills

Software Quality Assurance • QA Automation • API Testing • Functional Testing • Penetration Testing • Performance Testing • Security Testing • Manual Testing • Appium • Cybersecurity

Honors & Awards

Programming Contest - Bangladesh University
Feb 2018
1st Runner-up Programming Contest at CSE Family Fest 2018
